

NORTON BROWNSBORO HOSPITAL SPECIAL INSPECTION

OWNER: NORTON HEALTHCARE

LOCATION: LOUISVILLE, KY.

BUDGET: \$146 MILLION

COMPLETION DATE: 2009

The Norton Brownsboro Hospital is a 5-story steel frame structure with reinforced concrete shear walls. CEI provided special inspections and worked with the Structural Engineer of Record (SER) and site project manager closely to resolve construction concerns and site-related issues as they arose, resulting in a quality final product. Our special inspection lasted for over 12 months. Also, CEI prepared final reports for submittal to the state of KY for compliance.
